## Aggressive Unity Holland's Advice On Flood Control

Tells Floridians That Federal Government Will Come Thru

"Unite your energies, and make them aggressive," said Spessard Holland to more than 300 Palm Beach County Rotarians at the West Palm Beach Country Club Tuesday, in discussing the Overall Flood Control Program.

"The government in Washington will do its part, but only if the State of Florida shows it is doing its part, and by being, if possible just a step ahead. Senator Holland has from the start, emphasized to all persons or groups that UNIV OF FLA and a united front would go far towards securing Federal aid. Happenings to date prove that the energetic legislation was, and is right. Quibbling, bickering, petty jurisdictional jealousies, divided opinions, heavy expressed or any other public airing of any differences, would hamper the whole program, who take heart, and keep in the background and all have become resolved to a point of unified effort. There is a possibility of securing the assurance that Federal aid is obtainable, the injection of any discordant note would cause the national legislators, who would look askance at proposed haste in providing funds.

There are organizations, of course, that have fought and worked with this problem for four years, and it would be foolhardy to neglect these well organized organizations with entirely new personnel.

The Florida Legislature must be approached with facts, sound arguments, and united support of the legislators from the immediately affected areas.

Out junior Senator has agreed to spearhead this plan in Washington and has so far, very effectively done so. He is the son of Pepper's help, when, and as much as the occasion demands. The House of Representatives of Florida has also followed the Senator's lead, and most effectively.

The Junior Senator is a member of the Public Works Committee as well as the Flood Control Committee, and these positions, which he occupies, are evidence of his standing with fellow Senators, are very valuable to Florida.

Over Flood Control is a MUST in Florida; it is a MUST to you and you and me. Don't take its future for granted. It is going to take a great deal of hard work—and each should drive a few nails on any and all occasions.

## Miami Interests Purchase Rental Properties Here

The filing of a deed from L. Shuler and his wife to Almax Inc. covering property on southwest Fifth, Sixth and Seventh Streets, in the negro section of Belle Glade disclosed that a group of Miami investors has purchased this property. Stamps on the deed indicate a price of \$200,000.

The property includes some 21 buildings in which there are 21 negro tenants, more than 400 rooms for rent.

Barnard Wall, Secretary of the organization, stated that he was having for sometime been making investigations and studies of the Glades, its activities, its personnel, and its needs, and that he was planning to enhance the real property values. We believe Belle Glade is the center of this Glades activity and will continue to grow along with expansion of Glades agriculture. We have acquired these properties as an investment in the future of the Glades and will not sell them.

Walter Lester Jones acted as broker in making this deal along with Studette and Hollenbeck, Realtors of West Palm Beach.

The Joneses will manage the property for the new purchasers.

## Dutch Wallis Is Fishing Champ For November

A recent morning jaunt out on Lake Okeechobee, by "Dutch" Wallis, in which he got one strike and one black bass, had his reward, as his 9 pound fish, carried off the November award, in the Parish and Davis fishing contest. W. J. Norris pressed the city clerk for honors, as he entered a fish which weighed 7-3/4 pounds. Wallis was well served by a fine Wonder (glass) rod.

## Local Police Nab Pahokee Trunk Robber Quickly

Officer Warren Brickey, on duty at the Desk Sergeant's post, Sunday received a call from a father, W. J. Wright, a negro, had just robbed a room there, and was bound to take Belle Glade, in a new car. Brickey and Rhudy at once got on the job, and soon picked him up near the bus terminal. Brought to the station, he was searched, but had no money in his pockets, but his left shoe too, and his hand disclosed \$311.50 of the \$315.00 he had stolen.

## PTA Executive Board Meeting Announced

Plans for "Fathers Night" will be made at the meeting of the P. T. A. Executive Board meeting to be held Monday, December 6th at 10 a.m., in the High School Auditorium, according to an announcement made by Mrs. R. E. Freeman, president.

The regular monthly meeting will be held on Monday, December 13th, at 8 p.m.

## Elk's Memorial To Be Observed On Sunday Afternoon

Under the regulations of Elk's lodges it is mandatory for each lodge to hold a Memorial day for its deceased members, the first Sunday of each December.

In compliance with that custom, the lodge of the Elk's, No. 1716, BPOE, will hold such ceremonies as its lodge room, on next Sunday afternoon, at 2 p.m., in the new lodge house for members and all citizens, and a cordial invitation is issued to all persons desiring to attend.

The speaker of the day will be Arthur O'Heay, of Ft. Lauderdale, a past official of the order in high standing, and one of the most gifted orators in the order will be present to deliver the memorial address. Miss Margaret West, Rev. V. L. Vanderwater and a quartet from the Methodist choir will present the music of the hour.

As the Glades lodge is a young organization it has not many deceased members, but those who are, will be remembered by Dr. R. L. Ringo, Albert Kemp, the late Mayor George W. Taylor, Sr., and Louis Currier, Sr.

## Mrs. Edna Fuller To Address Local Inter-Racial Meet

Mrs. Edna Giles Fuller, head of Orlando's Inter-Racial Committee, is scheduled to address the Sunday, December 5, 4:00 p.m., at the American Legion Hall. A program has been planned by the members of the Belle Glade Inter-Racial Council, and all people of the Belle Glade Community are invited to attend.

The speaker, Mrs. Fuller has a record of achievements to her credit. She has been a member of the Florida legislature for three years and was a member of the National Council of Churches Women. In the first World War, she was an assistant.

## Wholesale League Pittsburgh Meet To Break Record

Glades County Harvest Will Begin Movement About Christmas Time

Since the Everglades Branch of the National League of Wholesale Fresh Fruit and Vegetable Distributors, pulled its record breaking and successful convention in West Palm Beach, in 1946, subsequent entertaining cities, has attempted to surpass it, and Pittsburgh, which is likely to do so.

The regular has been taken in the contest with some 25 or more fish brought in for weighing.

The program of entertainment, for both men and women, will be varied and on a large scale.

The complete picture of the Glades county deal shows that the total harvest is 240 acres, mostly golden; Sanford 527 acres of Pampal, shipping starting around December 5th. Sarasota has around 400 acres, a reduction of around 25 percent from 1947, Mid-December harvest.

Charles T. Nilback, of Pahokee and Zellwood, has started the harvest of 75 acres of excellent quality spinach, under good crop demand and price.

The bit cooler weather of the past week, along with the heavy morning dew and fog, has helped the Glades bean situation considerably, although shipments since the Thanksgiving holiday, continued heavy, and has been to a favorable market and demand.

## Many Hunters Out Get Only Spent Bag of Wild Game

The opening of the hunting season last week found many of our local hunting fans out in the woods, but the results, in season. Quail for deer, turkey and quail resulted only in a small bag of game. The hunting brought back, mostly turkeys. Hunters report that the heat was hard on them and that the weather was not so good. Game remained well hidden, and did little moving about.

## Our Elk Golfers Win Second Place In Golf Tourney

Belle Glade Lodge of Elk's sent down a dozen or more of its members to play in the District handicap golf tournament at Ft. Lauderdale last Sunday, and they did not do a badly, and they did not do so badly, the victorious Ft. Lauderdale aggregation, who for the second year carried off trophy honors.

So enjoyable was the occasion, both athletically and socially, that arrangements are being made to have a series of such tours at West Palm Beach, Ft. Glades and Belle Glade. The Belle Glade visit will be in January.

The Belle Glade delegation consisted of E. M. Strickland, H. S. Stephens, J. H. McWhorter, Lou Betzner, W. W. Weeks, John Bergquist, and J. L. Ringo. Robert Muller, Jack Thorne, Luther Jones, J. B. Jones, Louis Glad, Ronny Dickinson, Ralph Bergquist, who for the second year carried off trophy honors.

The local lodge has received word from national head quarters in Chicago, that the annual National Golf and Country Club will be held in Cleveland, Ohio, with the Hotel Cleveland as the headquarters hotel, starting July 1st.

Every Elk lodge in the jurisdiction will be donors to the Christmas fund for the Harry-Ann Crippled Children's Council of United States, and the local lodge shipped in with a \$100 donation.

## Seminole Indians Desire To Improve Their Lands With New Highways

The Seminole Indians from the Brighton and Immokalee reservations through their agent Kenneth Mermom, the latter now in Washington, are in conferences with the Interior Department officials, want to improve their reservations by constructing a system of hard roads to connect up all parts of the farms, for better cattle and produce movement, and want Federal help and permission.

Many of these Indians have learned the art of road building by building highways for the State and County road the past several years in sections adjoining their holdings, and they are now working on them. One of these roads is that which leads south of Road 80 west of the Cypress swamp, known as the Devil's Garden Road.

## Broward County Finds Opponents To Flood Control

The groups in Broward County, who are favorable to the All-Over Flood and Water Control project of the Army Engineers, are alive to all threats that might come up to kill the project, and they find that there are some such elements in both Dade and Broward Counties, who would like and are working toward scotching or ditching the program.

An announcement by public legal notice, the City Commission, met in on Tuesday night for its bi-monthly session, Nov. 23rd, earlier than usual, and held a mid-night long meeting.

Mrs. C. W. McDonald, appeared before the Board, asking for some improvement in the Recreational Park, in the way of provisions for several storm shelters for the kiddies.

Wallace Stevens, former newspaper man, heading a Hollywood Chamber of Commerce Committee, told the Commissioners that much of the land needed in the proposed water reservoir in the Broward County, was not dedicated for that purpose by the 1947 legislature.

Under a contract signed by the County Commissioners, Contractor William Stocking, of Miami, will start on the work of building the Palm Beach County Airfield at Bacom Point.

The commission voted that it would permit occupancy of the field for approved school instruction schools; would all planes with radio equipment to use the field, but not those with dual engine and receiving equipment; and would charge landing fees for planes weighing in excess of 5000 pounds.

It is not expected that the field will be ready for operation for commercial uses, until late in the spring crop deal, but will be fully completed for the fall 1949 season.

## Overseas Woman Leaves Large List of Survivors

Mrs. Louisiana Raulerson, aged 87, the widow of Peter Raulerson, of Okeechobee, and who has resided there for the past 38 years, is being survived by three sons, Melville, of Okeechobee; Harmon, of Miami; and Adeline, of Tampa. She has two daughters, Mrs. Pauline Meserve, 22, of Grandchildren, 56 grand children, and six great grand-children.

Funeral services were held at the Primitive Baptist Church, on Monday, and the burial in the cemetery there.

## Odd Fellow Lodge To Send Dinner At Legion Hall

The Odd Fellows and Rebekah bodies of the Palm Beach Lodge, No. 1235, are planning an evening of December 9th, are staging a benefit public dinner at the Legion Hall, barbequed with turkey, and chicken will be the main portion of the menu, with plenty of side dishes to make a complete meal.

The Seminole Indians from the Brighton and Immokalee reservations through their agent Kenneth Mermom, the latter now in Washington, are in conferences with the Interior Department officials, want to improve their reservations by constructing a system of hard roads to connect up all parts of the farms, for better cattle and produce movement, and want Federal help and permission.

The "Gay Young Blades" looking up this Barbours Bocco—the professions of the quarter and especially of farmer Walter and Cowboy Bocco—the professions of the other two require mid-week ablations and other refreshing and polishing of personal adornment.

The Ann's pronounce this party as one of the outstanding of the local Club and profuse compliments were extended by Chairman Hilditch and his committee composed of Dr. R. V. Allison, Dr. E. T. Beatty, and Mike Murphy.

## City Auditorium Will Get A Public Speaking Outfit

An announcement by public legal notice, the City Commission, met in on Tuesday night for its bi-monthly session, Nov. 23rd, earlier than usual, and held a mid-night long meeting.

Mrs. C. W. McDonald, appeared before the Board, asking for some improvement in the Recreational Park, in the way of provisions for several storm shelters for the kiddies.

It is not expected that the field will be ready for operation for commercial uses, until late in the spring crop deal, but will be fully completed for the fall 1949 season.

## Weather Report Schedules Set for Radio Stations

The Department of Agriculture has made arrangements with the radio stations throughout the State, to broadcast weather reports, at regular scheduled hours. Such reports will go out of station WWSW at Belle Glade, daily, at 12:30 and 5:30 P.M. WWSW at West Palm Beach at 12:30 and 11:10 P.M., and WWSW West Palm Beach at 12:30 and 11:10 P.M. All reports will come from the station WLAK, at Lakeland.

## Game Warden Resigns Post

J. E. Albritton, of Arcadia, who has been Chief Game Warden for District 1, for the Florida Game and Fish Commission, has handed in his resignation, growing out of the "deluge" nozel set by the Commission, in suspending a game warden for "being drunk and disorderly" on a hunt.

Albritton has been a game warden for several years, and has been prominently in the "batle of Lake Okeechobee", in the commercial fishing expeditions.

## Farmers Pack to Feast at The Gala Club Dec. 7

President A. Z. McCabe, of the Everglades Branch of the Vegetables and Fruit Association, announced that the member dinner and business meeting will be held at the Elma Cafeteria, on Tuesday evening, December 7th, at 7 o'clock. A large attendance of the membership is desired for the business session.

## Dr. Sowers to Return To Federal Health Post

Dr. F. W. Sowers, who has headed the State Health Board during the Caldwell regime, on leave from Federal service, at the conclusion of his state appointment, will resume his Federal work.

## Farmers Pack to Feast at The Gala Club Dec. 7

President A. Z. ## "Daddy" Fagg In Annual Appeal For Children's Home

Christmas will be no different from any other day of the year for scores of utterly helpless, homeless, orphaned and completely destitute little children who are now under the care of the Children's Home Society of Florida in the five lovely homes that are receiving homes of the Society throughout Florida. A list of kindly Florida Citizens will come to the rescue with funds, foods, Children's wearables, toys, games and goods promptly.

## Coroner's Jury Reopened To Permit Gathering Of Further Evidence

When Gene Bacon, of Pahokee, made a visit to the home of his brother, Robert H. Bacon, in the Northmoor subdivision, Saturday morning around 8 o'clock, he ran across a shocking scene and conditions, for he found his brother lying dead on the living room floor, from a gun shot wound.

Gene Bacon first contacted Deputy Sheriff Gibb Gross, who later was joined by Chief of Police Charles Goodlett and Road Patrolmen Sackett, then Constable Ray Walcott and Peace Justice Tedder, and still later officers from Sheriff John Kirk's office, and States Attorney Phil O'Connell.

The law officers at once placed a barricade about the Bacon home, where for the time being, no one was permitted to enter, nor was there much information given out through the period of investigation up until the coroner's inquest was held on Wednesday night at city hall. Many stories were in circulation, whether suicide or murder and for the cause in either case, but the Herald is basing the body of its report from testimony presented under oath at the coroner's inquest.

In due time the law officers released the body to the Berry Funeral home at Pahokee, and it was carried to West Palm Beach where the inquest was conducted, to determine certain desired facts.

A capably audience jammed the city hall auditorium in the sardines in a can, for the Bacon inquest hearing, possibly the largest court hearing ever witnessed in the history of the county.

Peace Justice George Tedder presided over the court, while other Jones, Henry O'Connell, Ralph Kirk, Frank Dooley and Audie Corbett, composed the panel which heard the evidence.

States Attorney Phil O'Connell was present to direct the examination of a long parade of witnesses, including Sheriff John Kirk and Constable Ray Whitlock acted as court officers. Shrivener Mizell, of Palm Beach, and Constable Ray Walcott, of Miami, official court reporters, were also present to take the record, as well as a battery of (Continued on Page 4)

## Murphy's Install A New Kitchen For Lunch Bar

A fine new sanitary kitchen has been installed at Murphy's pharmacy, to be used in connection with the food bar. Ordered by the health department, it will be a handy accessory.

## Observation And Comment By John M. Gresham

Hearing before the Interstate Commerce at Washington, D. C., on the proposed sale of U. S. Sugar Corporation, was a prominent witness, it was brought out that the demand for sugar is being reached, and that other sources for future use of reserves would need be sought.

While in Bradenton, Thanksgiving day, the members of this city, had an unexpected experience. The telephone rang, and the operator stated that there was a long distance call from Army headquarters in Moscow, Russia, from Jerry Carter, for Mrs. Emma Carter.

The connection was made, but the mother could not catch the crack, as Marvin took over. He stated it was a great thrill, and that he could hear plainly, but that the brother could not hear the Russian located had wished a holiday greeting, and asked that they dispose of some turkey and dressing for him as his feast for the day would be regular Army Thanksgiving Day ration.

It required three days to get the call through from Moscow to Bradenton.

### Returns to Airforce

Major Arthur P. Keyes, of Pahokee, who served in the air force during World War II, has re-enlisted in the service, taking his former rank of Major. He was one of around 30 Palm Beach County men who re-enlisted or enlisted in the national guard services during the month of November.

### Canal Bank Loses its Weeds

The city street department this week is working on the improvement of the "Tonerville" highway, which has been graded and rocked and made one of the best roads in the city. Another crew has been down the rank growth of maiden cane and other rank weeds on the north side of the canal to the city limits, which sure does make a big improvement, and removed an unsightly mass of vegetable growth.

### Fine Job of Paving On West Avenue A

Everyone in the city is well pleased with the new paving job which Street Superintendent Pennington put in on Avenue A, and the thoroughness now compares most favorable to the paving on South Main Street.

### LARGE SUMS OF MONEY

#### Continued from page 1

The main witnesses heard were Gibb Gross, deputy sheriff; Frank O'Connell, deputy sheriff; Harry McIntosh, president of the Bank to Pahokee; Williams P. Kerr, finger print inspector of the West Palm Beach police department; Warren Hightman, inspector for the Retail Credit Company; Mr. and Mrs. Wendell Harris, Mr. Harold Elmer.

Gross told how he had been telephoned for and made a visit to the office of the Everglades Finance Company, on Friday morning, where he met a group of interested parties, who had become worried about the safety of Bacon, who had failed to keep an appointment with McIntosh that morning, as it was known that he was in possession of a large amount of money. He was requested to make inquiry and search for Bacon as it was feared that he might possibly have met with foul play.

Gross told of his activities in his search and the calling in of Deputy Sheriff Frank O'Connell on the case. O'Connell's sending out a call over the police radio asking for the location of Bacon, which was shortly afterwards recalled, when the missing man had been located.

Gross further told of the occasion when he went to the Bacon home on Saturday morning, and there located Bacon dead on the floor, accompanied by an excellent witness, an insurance inspector, told of his going to the Bacon home late Friday night, and the discovery of the body of Bacon, a brother, who unlocked the door with a key in the pocket of his coat, and that the lights were burning the radio-victrola playing, clothing piled on a bench, money on the dresser, and the drawer amounting to \$168.00. That the body was sprawled on the floor face down, a gun shot wound in the back and the revolver lying near the body under a towel, with the butt and showing, broken records on the floor, and a pair of glasses, one filled and the other partially filled with liquor, which were wrapped in paper.

William Kerr, the finger print expert, stated that he had taken a series of pictures of the body, and one part of the body print had been located on one of the liquor glasses, but to date it had not been identified. The bullet had passed through the victim's body, struck a Venetian blind, a pane of glass, and that the bullet was found on the floor at the foot of the window, among other debris. He stated that none of the fingerprints were definitely found, and that the clothes were wet and sets would be some what eliminated. That the gun had been found in the bathroom, possibly left after the stool had been flushed.

Harry McIntosh stated that he had been in business deals with Bacon and that his ways been a satisfactory customer and prompt in meeting his obligations. He stated that he had kept his Friday morning appointment, it caused him to be late for the meeting, and that he was in possession of a large sum of money.

McIntosh stated that his bank was having money sent for a Mobile, Alabama, bank, which involved \$35,000 for collection, and it was this debt that Bacon had planned to pay off. The banker testified that he had expected the account to be paid, and that it would likely be mostly in cash. That Bacon stated he had secured money in Philadelphia.

Bacon's failure to keep the date, caused him to contact the Everglades Finance Corporation officers, which was followed up by arrest of Deputy Sheriff Gross and O'Connell. Oscar Manuel, Pahokee colored taxi owner, told of bringing Bacon to his home on Friday afternoon, of his paying him a \$10 fare, and that he went into the subdivision to his home. Bacon had nothing in his trunk to some people standing in a yard, as he did not want to recognize him.

Marie Slade, colored maid who cared for the Bacon home, told of her going to the Bacon home for service, and that when she made a visit on Friday the house was locked and she returned home. She identified the gun, which was found near the revolver, stating that she had never laundered it, and that it had always had a place in the closet, and was among the customary used linens. That Bacon had told her that he had been to Philadelphia on a desk and that he had an invitation to North Carolina for Thanksgiving, but could not make it as his wife, who was coming, and he had to meet her.

and close friend of Bacon, told of the conversation which he had with Bacon, who showed him his car and told him that he had been shot at by unidentified persons, near Twenty Mile Bend, while returning home from a business trip to Philadelphia, and how he had been able to outspeed whoever was in the following car, which Bacon thought was a Buick.

That Bacon had stated to him that owed a Miami syndicate, \$50,000, and they were pressing him for the money. That he had gone to Jacksonville to secure a loan, but from there was sent to Philadelphia, with an unknown and reticent companion as his riding partner. That he had secured money there, and on his return trip, he had a trailing car following him, a safety measure provided by the syndicate. That at Jacksonville, the protecting car was dismissed, as he felt that he could get home safely from that point. That at Stuart someone attempted to brush him off the highway, and then near Twenty Mile Bend he had been shot at as above indicated.

Mr. Harris told a similar story that he had been related to her by Bacon, with this addition, that Bacon had been in Philadelphia, \$80,000 loan in Philadelphia, \$50,000 being used to pay off the Miami Syndicate, and that he had been in Jacksonville, the balance of \$35,000 to meet certain local obligations, and that the syndicate there had him in custody, and he was being held in a hotel, an excellent witness, an insurance inspector, told of his going to the Bacon home late Friday night, and the discovery of the body of Bacon, a brother, who unlocked the door with a key in the pocket of his coat, and that the lights were burning the radio-victrola playing, clothing piled on a bench, money on the dresser, and the drawer amounting to \$168.00. ## OBSERVATIONS

Continued from page 1

The Golden Rams and Blue Devil schedules. That was a magnificent attendance at the annual "Bean Bowl" battle at Lair Field on Wednesday night. The Golden Rams, with the exception of engineering credits, the Palm Beach, Broward and Dade counties, to start the preliminary engineering work on the new canal over all water control project.

This was made possible by the state matching Federal money, and the Palm Beach County Commissioners paid in \$15,000 toward that fund. Complete engineering data is to be gathered, before any bid is offered or accepted on any of the projects, that will come in under the continuity plan. That at least a start has been made on the big project brings elation to the men who have been so assiduously working for its attainment.

The preachment, which is going on over the state, that the state as a whole should not be financially into the deal, is reported as bearing fruit, and that when the Legislature meets in April, much parity will be found unnecessary, as Assembly members will perceive the duty which citizens expect them to do.

**DADDY FAGG**  
 Continued From Page One of the State.  
 "Daddy" Fagg says, "Because of storms, floods, uncertain economic conditions, and other factors beyond our control, the Society's income has been tremendously decreased. Added to this we have faced constantly increased costs of all items of food, wearables, etc. Have we not received some requests for funds, and been able to borrow some money, we could not have rendered the very necessary services to these needy little ones."

Our immediate concern is the coming of Christmas. We just cannot permit these defenseless little children who have never known a real Christmas to face disappointment, grief and bitter tears on Christmas Day. We employ every citizen in Florida, every business firm, lodge, church, club and woman's organization, school and other groups, to send us all they possibly can in money, food, gifts and children's wearables, fruits, meats, vegetables, canned goods, toys, dolls, games, etc., quickly in order that no little child will weep on Christmas morning.

All contributions of money should be sent to R. V. Covington, Treasurer, 403 Consolidated Building, Jacksonville. All articles other than cash will be gratefully received at our children's receiving home, 2500 Riverside Avenue, Jacksonville, or at our children's homes at Lakeland, Pensacola or Miami. Please remember—our need is immediate and very great.

**Lake-Palm Executive Committee Holds Session At Our Baptist Church**  
 The Executive Board of the Lake-Palm Association with representatives of the different Baptist churches of the communion was held in Belle Glade, during the Youth re-

union of the Elks tomorrow at Ft. Lauderdale, last had some pretty good "dinner" in the hands of the local boys. The days play and social event provided a pleasant occasion for the entire boys, and the women folk who accompanied them.

Just 21 days till Christmas. Do your shopping and package mailing early. It is the plea that is being urged by the local boys, and the women folk who accompanied them.

The Florida Press Association at Mt. Dora, was a whole of a success, and the hospitality of the entertaining group was most delightful. Those hills and hand series. Dora has reasons why it is such a tourist center. Good hotels, good fishing waters and a most beautiful group of people. A live Chamber of Commerce and Lions Club keeps the wheels of progress going in that community. Good farming and citrus nearby means big financial income to the community area.

The Young Mr. Carr, backfield man with the Puhdohs Blue Devils, is some football player. For it was his skill and power which won him the most coveted trophy in the entire Golden Rams force. Belle Glade fans had to witness the disappointment of our team, and the disappointed was rather a bitter pill to swallow. But, just one of those things, which is coming after with aggressiveness and the other being lethargic.

## Preliminary Work of Engineering on Flood Project Started

Col. Willis Deale, head of the Army Engineering headquarters at Jacksonville, has announced that he has sent designated engineering crews to the Palm Beach, Broward and Dade counties, to start the preliminary engineering work on the new canal over all water control project.

This was made possible by the state matching Federal money, and the Palm Beach County Commissioners paid in \$15,000 toward that fund. Complete engineering data is to be gathered, before any bid is offered or accepted on any of the projects, that will come in under the continuity plan. That at least a start has been made on the big project brings elation to the men who have been so assiduously working for its attainment.

## Carnival Here Under Legion auspices For A Two Day Stand

The United States Carnival arrived in Belle Glade, Monday, from a stand at Holopun and is giving a two day fair for the American Legion auspices today and Saturday. The tents are located in the Rader property on West Avenue E and F. The show has been more or less difficult in getting attractions located, on account of the softness of the ground.

In addition to the Carnival attraction there will be an exhibit of farm products and the Future Farmers of America club boys will have a display of their full bred animals which will take for exhibit to the Tampa fair. The owners are very proud of their stock and are giving the animals the best of care and grooming.

**Police Court Has Many Cases and Very Long Court Deliberations**  
 Sessions of the City Police Court over which Jack Johnson presides, are no longer short, but drag out to an hour or more in length, made necessary by the influx of prisoners arrested by the police officers.

The cases called on the dock of Monday night, covered about everything in the common criminal roll, including drunkenness, petty larceny, shop lifting, fighting, carry in concealed weapons, assault and battery, and cuttings.

The police note that there are many drifters arriving in the city, both white and colored, and that they are not making themselves welcome here, as a result of their actions. The composite picture gallery that Judge Johnson has facing him, is not a very pleasant or attractive sight. There are many sin ridden faces in the group.

L. C. James, local photographer, got in dutch over a photograph of a truck arriving in the city, on complaint of Inspector Willis. The court did not uphold the defendant's viewpoint, and ordered him, if not satisfied with the court decision, to take it to the City Commission for a final decision, or to a higher court.

Leroy Smith, who owing to head injuries, is not always responsive for his acts, especially when under liquor, entered the Puckett store on Fifth Street, and picked up a two burner oil stove, which he promptly sold, and then went back to the larger store, but this time he overplayed his hand, for the police nabbed him. Leroy got \$25 in fines and a 30 day jail term.

Herbert Wright, Janacian laborer, took a washbasin, washboard and other household contents, off a truck arriving in the city from the north, and pawned it. He pays \$15 into the city treasurer.

The case against a trio of participants in a fight on Sunday in front of the Imperial service station, will be finished in next session of police court, owing to absence of a material witness.

**Youth Revival Program of Dr. Swor Great Spiritual Success**  
 An unusual meeting of week's duration came to a close with Thanksgiving services, Tuesday morning, at the First Baptist Church.

This meeting was sponsored by the churches of the different groups from Moore Haven to the south, and the Lake, Canal Point, with inter-

which will soon be made. Many local fans have attended these Shrine attractions, and found them nearly if not equal to the Shrine Bowl New Year's day games.

## Football Banquet

**Ball at Tensatively Held Set For Dec. 15th**

At the close of the football season, for several years past, it has been the custom of the Lions Clubs of Belle Glade and Pahokee, to give a joint banquet to the members of both teams.

This year it falls on the part of the local club to prepare the repast, and the date for such affair has been tentatively set for Thursday night, December 16th, place to be later announced.

On this occasion, the Golden Rams will be presented with their sweaters, letters and other gifts. At the same time, it is going to be the duty of some local club member to regally present the possession of the Bill Young trophy to the Pahokee Blue Devils, winners of this years contest, after the Rams have had their possession for the past two successive years.

The date for the joint Rotary club banquet to the Rams has not yet been determined but such an event is in the making with joint committees.

places, were in regular attendance. Also on Friday and Monday evenings large delegations came from the various churches in the eastern cities. The principal speaker in all these services was Dr. Chester Swor, of Jackson, Miss., who for ten years was Dean of Men in Mississippi College. For the last eight years he has traveled over the nation ministering to the Youth in colleges and churches. He is a most popular Youth speaker and collector. His next meeting will be with the 26 churches in Miami, to be held there on Friday, December 10th, at the Central Baptist Church.

The visit of Dr. Swor to Belle Glade has been a most helpful one, to our young people, as well as to him, in the friendship he made while here. A return visit sometime in the future would be welcome here.

## X-Ray Machine Makes Second Local Visit

The County X-ray equipment recently came out to Belle Glade again, to complete unfinished work. It had an afternoon stand at the Chamber of Commerce office, and an evening one at the Cotton club stand in colored town.

Many people in the city did not take advantage of the opportunity to be tested at the original opportunity, and many new ones have come in since that time, so this second visit was to make sure that most of the population had been included in the two surveys.

## Vero and Fort Pierce in a Tie

The Ft. Pierce Eagles, who were defeated by the Belle Glade Rams, in an early season game by the score of 6 to 0, picked up wonderfully during the season, and in the concluding conference game with Vero Beach, won over the Vero Beach leaders by a score of 15 to 6, thus placing them in a tie with Vero for Gulf Stream Conference honors.

Had the Golden Rams not fallen down so miserably before the Pahokee Blue Devils in their annual clash, the conference standing would have been up in the list. Official conference standings have not yet been released.

## Clive Boone Again In Future Business

Clive Boone, who has operated labor gangs during the summer, has returned home, and has leased the former Council stand on West Avenue, where he has opened a new and used furniture store stand.

## BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE BROADCASTERS

**Question—What about everlasting punishment?**  
 Answer—Matthew 25:46: "And these shall go away into everlasting punishment: but the righteous shall go into life." This everlasting punishment is everlasting destruction. 2 Thessalonians 1:9, "And they shall be punished with everlasting destruction from the presence of the Lord, and from the glory of his power."

**Q—What do you think a student should do who has to listen to teachers who bring out ideas like this in class instruction?**  
 A—Proverbs 19:27: "Cease, my son, to hear the instruction that causeth to err from the words of knowledge."

**Q—I maintain that there is no such thing as a spiritual body. I want you to back me up in your column.**  
 A—Let the Scripture settle it. 1 Corinthians 15:44: "It is sown a natural body; it is raised a spiritual body. There is a natural body, and there is a spiritual body."

**Q—Was not the old covenant made with the Jews, and the new covenant with the Gentiles?**  
 A—Both were made with the house of Israel. Hebrews 8:1: "Behold, the days come, saith the Lord, when I will make a new covenant with the house of Israel, (See also verses 8, 10, 12.) It is possible to believe in a real city of God."

**A—Why not?** The apostle Paul believed in it. Galatians 3:26: "For ye are all sons of God, as many as have been baptized in Christ. Forasmuch as ye are sons, God hath sent the Spirit of his Son into your hearts, crying, Abba, Father." Hebrews 12:16, 17: "But now they desire a better country, that is, an heavenly one: wherefore God hath said to them, 'I will be a Father to the fatherless and a Saviour to the widow, as I have sworn unto you, saying, 'For he [Abraham] looked for a place for you, I will come again, and receive you unto myself; that where I am, there shall ye be.' (See also Revelation 21:3, 14.)"
